

Music Therapy

In 2012, the General Assembly passed legislation to provide for the regulation of music therapists. All music therapists practicing in the State of Georgia must be licensed prior to January 1, 2014. The Professional Licensing Boards Division of the Office of Secretary of State licenses and regulates music therapists. A five member advisory group appointed by the Secretary of State consults with the Professional Licensing Boards Division and provides information regarding the profession.

Advisory Group Members:

Jamie George
Elizabeth Hampshire
Jennifer Puckett
David Ratley
Steve Wilson
Jim Cleghorn, Executive Director
